

WE BUILD THE FUTURE

ARCHITECTURE, GEODESY AND CIVIL ENGINEERING STUDENTS CONGRESS

Zlatibor, Serbia 15. - 18. October 2016.

Addressed to: **Faculty of Civil Engineering - Technical University of Cluj-Napoca**

To Whom It May Concern,

It is our honor and great pleasure to invite you to "We build the future" – architecture, geodetic and civil engineering students congress organized by Students association of modern engineering, Student Parliament of Architecture and Civil Engineering Faculty of the University of Belgrade, which is going to be held on the 15th through the 18th of October 2016 in Zlatibor, Serbia.

The aim of this meeting is primarily to gather students of civil engineering, architecture and geodesy who will get introduced to the modern trends of science and get familiar with different approaches of resolving specific problems in the fields of construction, architecture, urban planning and environmental protection.

During a course of a several days, renown experts will share their knowledge and expertise and through the lectures(workshops) they will give students the opportunity to professionally improve.

The congress has an evening program that is dedicated to socializing and relaxing from the daily lectures where participants will have the opportunity to network, exchange experiences and establish long-lasting professional contacts for future collaborations.

Congress participants will be accommodated in Hotel " Ratko Mitrovic ". Participation fee for participants is 6500 RSD or 55€ and includes three nights in a hotel with three meals per day, access to all hotel facilities, bus transportation from Belgrade, as well as all follow-up activities. For participants who go by their own transport, the price will be reduced by 1000 RSD.

If you have any further questions or want additional information about the event, please do not hesitate to contact us.

Sincerely,

Stefan Koprivica

President of Students association of modern engineering
