

UTCN CMASSGE team is looking for Romanian private partners (with expertise in wireless products and technologies for industrial applications such as IoT-based monitoring) for creating a consortium and successfully submitting a competitive research project proposal at the "Norway Grants CALL FOR PROPOSALS 2019 - Collaborative Research Projects" call (<https://uefiscdi.gov.ro/eea-grants-proiecte-colaborative-de-cercetare>).

The project proposal thematic area is “Technologies and applications of Big Data and/or Internet of things (IoT) for public administration, education, agriculture, health, banking etc.” and the firm submission deadline is 16.12.2019.

Interested parties are encouraged to contact the proposal coordinator,

Dr. Alexandra Danciu (alexandra.danciu@cfdp.utcluj.ro, +40744368421)
